Ruddell's Mill Rye Whiskey

Ruddell's Mill Rye Whiskey was introduced in September 2021 as the companion Ruddell's Mill Small Batch Bourbon. It is bottled at 94.4 proof. I sampled the rye whiskey in a Glencairn glass, neat. The nose of the whiskey reveals candy-like notes such as toffee and caramel, but also more subtle aromas of hazelnut and fresh hay. The sweet nose transforms on the palate to baking spices with some heat which is characteristic for a whiskey with a high rye mashbill. These flavors are soon joined by leather, oak and caramel. The rye whiskey has a medium finish with soft heat, and the baking spices, leather and oaken notes continue into the well-balanced finish. Cheers!
