

# GIN MG

CASA FUNDADA  
EN 1835

**GIN MG** is a hand-crafted wheat-based spirit produced in copper pot-stills at MG Destilerías in Barcelona, Spain. The Juniper, which takes center stage in our gins, is grown on our own family estate in Teruel.

**MG DESTILERÍAS** was founded in 1835. In 1940, we produced our first gin, being one of the first producers in Spain. We now boast the prestige and know-how of more than 75 years of excellence producing spirits.

MG is a family-owned business, currently run by the 6th generation. Tradition is in our DNA, but so it is the commitment for innovation and the quality of our products.

## CLASSIC GIN

### 80 Proof

This is a London dry style gin distilled with juniper grown at the family's estate in Spain and coriander.

Clear and bright in appearance with intense aroma of Juniper and fresh herbs. The flavor profile is intense with complex notes and abundant juniper.

Perfect for mixing with tonic, over ice with a lemon twist or as the main ingredient in classical cocktails such as a Dry Martini or Negroni.

## OVERPROOF GIN

### 120.2 Proof

Like the original, this is a London dry style gin distilled with juniper grown at the family's estate in Spain and coriander. There is a strong presence of juniper berries on the palate and a spicy touch from the coriander.

It is especially designed for cocktails. With a high alcohol percentage, complexity of flavors and intense juniper, it is highly appreciated by bartenders and gin connoisseurs for its presence in classic and modern gin cocktails.
