

# THE ORIGINAL Southside

## The Original Southside

**Country of Origin:** USA

**Alcohol Content:** 10% ABV

**Formats:** 12oz/4 can (4 pack x 6/case = 24)

**Notes:** You couldn't always get The Original Southside in a can—it hails from a time when liquor was illegal (and tasted horrible, too).

Notorious gangsters covered up the taste of bathtub gin with lemon and mint to create a delicious, refreshing cocktail that's been the secret recipe of countless families and bartenders since.

We're reviving cocktails lost to the throes of time, a "revival of the fittest" if you will. While you sip your Southside, you too can ponder its convoluted history and smile knowing it's back for good.

Our version of the Southside is a reinvention of the old classic, using best in class ingredients in an easy, ready-to-drink format. Freshly squeezed with premium gin, all-natural, organic, gluten-free ingredients, you can indulge in this fresh as f\*ck cocktail anytime with our ready-to-enjoy format. We obsessed over every sip so you can sit back, relax, and smile knowing that the Southside is back for good!
